MEDICINAL.

This important organ weighs but about taree pounds, and all the blood in a living person (about three gallons) passes through it at least once every half hour, to have the bile and other impurities strained or filtered from it. Bile is the natural purgative of the bowels, and if the Liver becomes torpid it is not separated from the blood, but carried through the veins to all parts of the system, and in trging to escape through the pores of the skin, causes it to turn yellow or a dirty brown color. The stomach becomes disessed and Dyspepsia, Indigestion, Constipation, Headache. Biliousness, Jaundice, Chills, Malarial Fevers, Piles, Sick and Sour Stomach, and conord dability follow. MRP. seh, and general debility follow. MER-RELL'S HEPATINE, the great vegetable discovery for terpidity, causes the Liver to throw off from one to two ounces of bile each time the blood passes through it, as long as there is an excess of bile; and the effect of even a few doses upon yellow complexion or a brown, direy looking skin, will astonish all who try it—they being the first symptoms to disappear. The cure of all bilious disasses and Liver complaint is made cartain by taking franctions in account. tain by taking Hepatine in accordance with directions. Headache is generally oured in twenty minutes, and no disease that arises from the Liver can exist if a fair trial is given. Take no pills when you can get Hepatine at the same price. LUINGS
The fstality of Consumption or Throstand Lung Diseases, which sweep to the grave at lesst one third of all death's victims, arises from the Opium or Morphine treatment, which simply stupefies as the work of death goes on. \$10,000 will be paid if Upium or Morphine or any preparation of Opium, Morphine or Prussic Acid can be found in the Click Figure 1. the Globe Flower Cough Syrup which has cured people who are living to-day with one remaining lung. No greater wrong can be done than to say than clocsumption is incursible. The GLOSE FLOWER COURTS bYBUr will cure it when all other means have failed. Also Colds, Coughs, Asthma, Bronebitis and all diseases of the throat and lunes. Read the testimonials of the Hon-Alex. M. Stephens and others in our bookfree to all at the drug stores. Take no Troches or Lozenges for Sore Throst, when you can get Globe Flower Syrup at same orice. For sale by all Druggists. PALLOM

Grave mistakes are made in the treatment of all diseases that arise from poison in the blood. Not one case of Berefula, Syphilis, White Sweiling, Ulcarous Sores and Skin Disease in a thousand is treated without the use of Mercury in some form. Mercury rots the bones, and the diseases it produces are weren than any other kind of blood or shin disease can be. Doctor PEMBERTON'S STILLINGIA or QUEEN'S DELIGHT is the only medicine upon which a hope of recovery from Secot da, Syphilis and Mercurial diseases in all stages, can be reasonably founded, and that will cure Cancer. \$10,000 will be paid by the proprietors if Mercury, or any ingredient not purely vegetable and harmless can be found in it. WE BEINE WILL CURE RHEUMATISM. Mr. Albert Crooker, the well-known drug-gist, and apothecary, of Springvale, Ma., always advises every one troubled with Rheumatish to try VEGETINE.

MEDICINAL.

READ HIS STATEMENT: Springvale, Me., Oct., 12, 1876.

Mr. H. R. Stevens:-Dear Sir, - Fifteen years ago last fall I was taken sick with rheumatism, was unable to move until the next April. From that time until three years ago last fall, I suffered overything with rhougastism. Sometimes there would be weeks at a time that I could not step one step; these attacks were quite often. I suffered everything that a man could. Over three years ago last spring I commenced taking VEGETINE, and followed it up until I had taken seven bottles; have had no rheumatism since that time. I always advice grown one that in trophlad with ways advice every one that is troubled with rheamatism to try VEGETINE, and not suffer for years as I have done. This statement is gratuitous as fac as Mr. Stevens is concerned,

for this complaint, and am happy to say it has entirely cured me. I have recommended the VEGETINE to others with the same good results. It is a great cleaness and purifier of the blood; it is pleasant to take and I can cheerfully recommended it.

BLOOD.

The blood in this disease, is found to contain an excess of fibrin. VEGETINE acts by converting the blood from its diseased condition to a healthy circulation. VEGETINE regulates the bowds which is very importent in this complaint. One bottle of Vegetine will give relief; but, to effect a permanent cure, it must be taken regularly, and may take several bottles capecially in cases of long standing. VEGETINE is sold by all druggists. Try it and your verdict will be the same as that of thousands before you, who say, "In over found so much relief as from the use of VEGETINE," which is composed exclusively of Barks, Roots which is composed exclusively of Barks, Roots

Dear Sir.—My daughter, after having a severe attack of Whooping Cough, was left in a feeble state of health. Being advised by a friend she tried the VEGETINE, and after using a few bottles was fully restored to health.

I have been a great sufferer from rheumatism. I have taken several bottles of the VEGETINE for this caugalism, and am happy to say it has the source of that great river, formed the bold

This simple traveller is a type of a large class of people, who have very indefinite notions of the relations of cause and effect. A man conceives a grudge against a neighboring mechanic or merchant, and determines at once to drive him into irretrievable ruin by-"with drawing his patronage," as the phrase goes. "What will they say at Vienna?" he obuckles to bimself, as he walks stilly by his old friend's place, and trades at a new store. Having nurtured his wrath to the requisits degree of strength, he dashes off a tew words on a letter sheet, the most prominent of which are, "stop my paper," and speeds it on its way to the luckless editor, imagining "what they will say at Vienea," when the direthe name of the wrathy gentleman is quietly

The error of these people is, not so much in showing their resentment, as in overrating its effects on the destinies of mankind. We hold that every man may lawfully indulge in an occasional fit of "virtucus indignation;" but let him not imagine that he is going to blow up a gravite mountain with a pinch of snuff, or move the world from it foundation by the stamping of his foot. It is poor philosophy to expect great results merely because the antecedent is small, though it is some times true that small causes are connected with momentous events. The three tailors who held a meeting in Tooley st., London, had a right to issue their address to the world, but when they began it, "We, the People of England," they rather over estimated their importance. This comes of "living in a barrel and locking out at the bunghole," as Rabelais describes is. To take a conceit of this kind out of a man, all that is necessary is a little observation, a little common sense, and a little modesty.
